Excalibur Crossbow is solely committed to industry leading reliability trusted worldwide. Our Promise to “you” is to deliver the toughest crossbows on the planet. Excalibur’s unmatched recurve platform is simple: Less moving parts, less to go wrong, Excalibur simply outlasts. We aim to equip crossbow hunters with the toughest product, guaranteed forever. We share stories, not often told. They’re about rugged back country trails no one would take, in extreme weather no one would hunt, in the most desolate terrain no one would dare go. They’re in those moments when you spot the target, that you rely on our product most. We’re there, with the toughest crossbows on the planet.

Recurve...Simply Perfect

EXCLUSIVE TECHNOLOGY

Feature

Performance

Gen II CRT Limb System

More compact, yet still 60% stronger than the most durable limbs made.

Quad-Loc Riser

Contains each limb on all four sides (vs. three) for added consistency and accuracy.

Feather-Lite Skeletonized Stock

Adds comfort while shedding both weight and bulk.

Guardian Anti-Dry-Fire System

Housed in scope mount to prevent firing if the trigger is pulled without an arrow in place.

Recoil Energy Dissipation System

Integrated R.E.D.S. string suppressors reduce shock, vibration and noise.

Ergo-Grip Stock

Perfectly balanced platform featuring a thumbhole design non-slip pistol grip.

Bullpup Ready Rest Stock

Engineered to shift weight for precise balance and instant target alignment when shouldered.

CRT Limb System

Minimized footprint through compact power-loaded limbs.

Compact Thumbhole Stock

Lightweight design for effortless maneuverability.
